Signature of Author

The author reserves other publication rights, and neither the thesis nor extensive extracts from it may be printed or otherwise reproduced without the author's written permission.

The author attests that permission has been obtained for the use of any copyrighted material appearing in the thesis (other than brief excerpts requiring only proper acknowledgement in scholarly writing) and that all such use is clearly acknowledged.

Table of Contents

| List of Tables | v |
|------------------------|----------|
| Abstract | vi |
| Acknowledgements | vii |
| Chapter 1 Introduction | 1 |
| Chapter 2 Doing It | 2 |
| 2.1 Getting Ready | 2 |
| 2.2 Next Step | 2 |
| Chapter 3 Conclusion | 3 |
| Bibliography | 4 |

List of Tables

| Table 2.1 | Growth patterns for Steiner graph versus original lattice in tab- | |
|-----------|---|---|
| | ular form. | 2 |

Abstract

This is a test document.

Acknowledgements

Thanks to all the little people who make me look tall.

Chapter 1

Introduction

Get it done! Use reference material by Lamport [2] or Gooses, Mittelback, and Samarin [1].

Chapter 2

Doing It

2.1 Getting Ready

Get all the parts that I need. I can throw in a whole pile of terms like preparation, methodology, forethought, and analysis as examples for me to use in the future.

2.2 Next Step

Do it!

Of course, you have to have pictures to show how you did it to make people understand things better.

Tables are native to LaTeX. Table 2.1 shows a tabular environment within a table.

| Dimensions | Lattice Nodes | Lattice Edges | Steiner Nodes | Steiner Edges |
|------------|---------------|---------------|---------------|---------------|
| 3 | 8 | 12 | 16 | 117 |
| 4 | 16 | 32 | 65 | 1948 |

Table 2.1: Growth patterns for Steiner graph versus original lattice in tabular form.

Chapter 3

Conclusion

Did it!
